students new to film develop a critical awareness of cinema without overwhelming them.

~~Anatomy of Film by Bernard F. Dick~~  
Goodreads

Designed to be used in film-as-literature or introduction to film courses in English, film, or communication departments, Anatomy of Film covers all of the essential elements of film — from genre, lighting, and editing to music, sound, and narration — and its student-friendly approach makes it ideal for those new to the discipline. Along with a strong focus on genre, this text also features a chapter devoted to the connection between film and literature.
