Angry Birds Parabolic
Edition by Natasha Bitra
“The Parabolic Edition” Red
Bird, Yellow Bird, Blue Bird
and Black Bird are angry
with the pigs. The pigs
stole the bird’s eggs. The
birds want their eggs back
and will stop at nothing to
get them back. The flight
path of the birds can be
modeled with a parabola. Use
“ x ” as the distance and “ y ”
as the height.

There are many different
versions of the Angry Birds
Parabola Project. We have
tested them all. Some are
fun for the students to do
but require way more time on
art related activities than
the actual math. Some are
fully created by hand using
actual catapults and sling
shots made by the class.
