## 2003 bmw 525i complete fuel injector removal ...

Working at the base of the fuel injector, remove E10 fastener (green arrow) from retainer. Then remove retainer from fuel injector (yellow arrow). Slide retainer out of fuel injectors to remove. Once retainer is removed, remove fuel injector from engine. To do this, slide injector straight up and out of cylinder head.

## BMW E90 Fuel Injector Replacement | E91, E92, E93 ...

To remove an injector, you have to disconnect the electrical connectors to all the injectors. Then remove the fuel rail with all injectors attached to it. Individual injectors are then separated from the fuel rail, as needed. If you remove the fuel injectors for any reason (for example, to replace the intake manifold) and you plan to reuse the fuel injectors, replace all the fuel injector sealing O-rings.
