Becker's Wimbledon

Of all of the many illustrious champions in tennis, there are few whose names are as synonymous with Wimbledon as Boris Becker, who, in 2015, celebrates the 30th anniversary of his remarkable entry into the sport's pantheon of greats. Boris's story is almost without parallel in tennis, from astonishing teenage talent, to champion, to a renowned television commentator, manager, and now as coach to one of the world's greatest contemporary players, Novak Djokovic. In this wonderful new book, Boris shares his unique story, tracing his career through the many changes in the sport but which has, at its heart, his loving relationship with Wimbledon, the place where it all began for him. He will talk frankly about his own career, how it transformed his life and those of so many others, reflecting on what it was like to play in the era of McEnroe, Connors, Lendl and Edberg - about the highs and lows of his life as played on the grand stage of Centre Court, amongst others; the changes that have transpired in fitness, the media, the partying, the equipment, the tactics, the personalities, the technology and the commerce.

Boris Becker shot to fame in 1985 when at seventeen years old, he became the youngest player ever to win the men's final at Wimbledon. He went on to win two more Wimbledon titles, and a total of forty-nine singles and fifteen doubles crowns, making him one of the greatest players of the twentieth century. But his life off the court has always attracted as much attention as his triumphs on it. Now, in this remarkably candid and thought-provoking autobiography, Boris Becker tells the real story behind the headlines. He speaks of the seconds before the serve that made him the youngest Wimbledon winner of all time, and of the minutes after being sentenced as a tax evader. He talks about his marriage, his illegitimate daughter, and his painful divorce. He reveals his emotions at the end of his tennis career, and his battles with pills and alcohol. He also shares his memories of the good times, the championship wins, the make-or-break matches, and the highs and lows of life on the international circuit. Boris Becker has written this autobiography not just for his fans but also for his children, that they may one day read the true account of their father's remarkable, and often controversial, life.

Roger Federer could live anywhere in the world, but he always returns to the place he loves most: Switzerland. Dave Seminara is a mad traveler and tennis lifer who has written about Federer for The New York Times and other publications. A pair of autoimmune diseases and a knee surgery kept Dave from playing tennis for years, but as he inched toward recovery, he had a bright idea: why not start his tennis comeback on hallowed ground—courts that his hero Roger Federer graced in Switzerland. Footsteps of Federer is a funny, novella-length account of Seminara’s travels across seven Swiss cantons in search of insights into Federer’s character, which is inextricably linked to his deep roots in, and love for, his country. Seminara timed his unique pilgrimage to the 2019 Swiss Indoors, where he had a chance to ask Roger a number of offbeat questions before and after Federer hoisted his record tenth title there. Seminara’s Federer pilgrimage took him to Switzerland’s most important abbey, where he prayed with Abbot Urban Federer; to the vineyard of Jakob Federer from Berneck, where the Federer clan originated from; to the stunning villa where Roger and Mirka were married; and to many of the neighborhoods and tennis clubs where Roger has lived and trained at over the years.

But as he reveals in this searching autobiography, off the court he was often unhappy and confused, unfulfilled by his great achievements in a sport he had come to resent. Agassi writes candidly about his early success and his uncomfortable relationship with fame, his marriage to Brooke Shields, his growing interest in philanthropy, and—described in haunting, point-by-point detail—the highs and lows of his celebrated career.
