The efficiency of the competitive mechanism, with its total reliance on exit, is questioned for certain important situations. As exit often undercuts voice while being unable to counteract decline, loyalty is seen in the function of retarding exit and of permitting voice to play its proper role.

Exit, Voice, and Loyalty: Responses to Decline in Firms ...

Exit, Voice, and Loyalty formance of a firm or an organization is assumed to be subject to deterioration for unspecified, random causes which are neither so compelling nor so durable as to prevent a return to previous performance levels, provided managers direct their attention and energy to that task.

Exit, Voice, and Loyalty: Responses to Decline in Firms ...

As exit often undercuts voice while being unable to counteract decline, loyalty is seen in the function of retarding exit and of permitting voice to play its proper role. The interplay of the three concepts turns out to illuminate a wide range of economic, social, and political phenomena.

As exit often undercuts voice while being unable to counteract decline, loyalty is seen in the function of retarding exit and of permitting voice to play its proper role. The interplay of the three concepts turns out to illuminate a wide range of economic, social, and political phenomena.

Exit, Voice, and Loyalty: Responses to Decline in Firms ...

Published in 1970, the book argues how exit and voice can be used by consumers of a product or service to let producers know their satisfaction (or dissatisfaction) with that good. This chapter first examines the influence of Exit, Voice and Loyalty in various fields before turning to some criticisms and extensions of Hirschman's framework. It then assesses how exit and voice relate to loyalty and social investment as well as the evidence for Hirschman's claim of the exit-voice trade-off.

Albert O. Hirschman, Exit, Voice and Loyalty: Responses to ...

The Exit, Voice, Loyalty (EVL) Model or Exit, Voice, Loyalty, Neglect (EVLN) is used in the fields of comparative politics and organizational behavior. It is an extensive form game used to model interactions typically involving negative changes to one player's environment by another player. These concepts first appeared in Albert Hirschman's

Hirschman, Albert O. (1970): Exit, Voice, and Loyalty ...

Exit, Voice, and Loyalty is a treatise written by Albert O. Hirschman. The work hinges on a conceptual ultimatum that confronts consumers in the face of deteriorating quality of goods: either exit or voice. The book has been described as influential. The framework presented in the book has been applied to topics such as protest movements, migration, political parties, and interest groups, as well as to personal relationships.

Exit, Voice, Loyalty, and Neglect: Responses to ...

Professor Hirschman develops a theory of loyalty as a key factor in the interaction between voice and exit: loyalty is shown to postpone exit and to make voice more effective through the possibility of exit. " -The Economic Journal " This is an imaginative little book. Its message should be of use to economists, political scientists, and all those interested in policy questions related to these areas.

Exit, Voice, and Loyalty - Albert O. Hirschman | Harvard ...

Customers will prefer the voice option to exit when; 1. they assume the firm will return to its original superiority over substitutable alternatives; 2. they want to "do something" to change the quality, i.e. to exert influence; 2. they expect their own influence, coupled with that of others to create changes; 4. they have developed loyalty to the firm.

One work that has deeply influenced how we think about voice is Albert O. Hirschman's *Exit, Voice, and Loyalty: Responses to Decline in Firms, Organizations, and States*. Now enjoying its 50th anniversary, it is a classic in the history of human sciences. But can a classic book of the fevered 1960s speak to us in our modern fevered times?
