Love is a Mystery: A Novel by Elizabeth Strout

Love is a Mystery: A Novel by Elizabeth Strout

Love is a Mystery: A Novel by Elizabeth Strout

Latin love elegy is one of the most important poetic genres in the Augustan era, also known as the golden age of Roman literature. This volume brings together leading scholars from Australia, Europe and North America to present and explore the Greek and Roman backdrop for Latin love elegy, the individual Latin love elegists (both the canonical and the non-canonical), their poems and influence on writers in later times. The book is designed as an accessible introduction for the general reader interested in Latin love elegy and the history of love and lament in Western literature, as well as a collection of critically stimulating essays for students and scholars of Latin poetry and of the classical tradition.

Although mother and daughter are two central female roles, they have rarely been investigated. The relationship is specific, certainly different than the mother–son or father–daughter relationships. And this difference manifests itself in sex-specific language behavior. Despite 'eternal' features of the mother–daughter relationship, its quality is affected by individual psychological and by sociocultural variables. Thus, investigations took place in two big cities with very different structures and traditions: Vienna and Los Angeles. This is the first cross-cultural study which reflects and combines multiple linguistic, socio-psycholinguistic and text linguistic categories, approaches and methods to be able to investigate such an important topic as family relationships and the 'place' of women nowadays in our societies.

Love and the Law: A Study of the Jewish and Christian Traditions by Kengo Akiyama

In The Love of Neighbour in Ancient Judaism, Kengo Akiyama traces the surprisingly complex development of the mainstay of early Jewish and Christian ethics "Love your neighbour" in the Second Temple period.

This is a brilliant study of the nature of love in modern society. Ulrich Beck and Elisabeth Beck-Gernsheim argue that the nature of love is changing fundamentally, creating opportunities for democracy or chaos in personal life.

This open access book assembles landmark studies on divorce and separation in European countries, and how this affects the life of parents and children. It focuses on four major areas of post-separation lives, namely (1) economic conditions, (2) parent-child relationships, (3) parent and child well-being, and (4) health. Through studies from several European countries, the book showcases how legal regulations and social policies influence parental and child well-being after divorce and separation. It also illustrates how social policies are interwoven with the normative fabric of a country. For example, it is shown that father-child contact after separation is more intense in those countries which have adopted policies that encourage shared parenting. Correspondingly, countries that have adopted these regulations are at the forefront of more egalitarian gender role attitudes. Apart from a strong emphasis on the legal and social policy context, the studies in this volume adopt a longitudinal perspective and situate post-separation behaviour and well-being in the life course. The longitudinal perspective opens up new avenues for research to understand how behaviour and conditions prior or at divorce and separation affect later behaviour and well-being. As such this book is of special appeal to scholars of family research as well as to anyone interested in the role of divorce and separation in Europe in the 21st century

Love and the Law: A Study of the Jewish and Christian Traditions by Kengo Akiyama

Love and the Law: A Study of the Jewish and Christian Traditions by Kengo Akiyama

"Doctor Zhivago . . . Anna Karenina . . . A Hero of Our Time . . . The People's Act of Love will remind you of all these books . . . Magnificent" (The Washington Post Book World). Set in a time of great social upheaval, warfare, and terrorism, and against a stark, lawless Siberia at the end of the Russian Revolution, The People's Act of Love portrays the fragile coexistence of a beautiful, independent mother raising her son alone, a megalomaniac Czech captain and his restless regiment, and a mystical separatist Christian sect. When a mysterious, charismatic stranger trudges into their snowy village with a frighteningly outlandish story to tell, its balance is shaken to the core. "The narrative drive is amazing. So is the cold clarity of Meek's imagination." —Stephen King "Meeks builds multiple narratives to a bloody, satisfying, yet unsettling conclusion. People's Act of Love stands not only as a keenly observed historical thriller but as a resonant tale of how one man's moral fervor can turn to horror." —Entertainment Weekly "Meek expertly renders each man's devotion to the task of securing paradise on earth, and exposes the unsettling affinity between the devout servant of God and the cold, calculating murderer." —The New Yorker "Set during the waning days of the Russian revolution, Meek's utterly absorbing novel captivates with its depiction of human nature in all its wartime extremes." —Publishers Weekly (starred review) "This ingenious, intricate novel, a meditation on grand ideas that is also a suspenseful page turner, avoids that too-easy wonder Russia often inspires in its admirers." —The New York Times Book Review
