Geography Paper Topics on Places & Locations.  
You know by now that places and locations are  
not the same. Locations simply tell us where  
something is. At the same time, places  
incorporate various elements, such as climate  
and soil. Furthermore, while a location is  
fixed, a place can change over time.

Germany, country of north-central Europe. Although Germany existed as a loose polity of Germanic-speaking peoples for millennia, a united German nation in roughly its present form dates only to 1871. Modern Germany is a liberal democracy that has become ever more integrated with and central to a united Europe.
