*Replacing the  
Transfer Kit -  
YouTube*

I just replaced  
the fuser kit  
and transfer kit  
on an HP Color  
Laserjet CP4525.  
The fuser kit  
was detected and  
it automatically  
reset the page  
count after  
calibration.

However, it never detected the new transfer kit and still says that it needs to be replaced. I've tried to look for a manual reset page count option to no avail.
