In the international business arena, ethical problems also arise out mere international business transactions. Fair trade movement, transfer pricing, bioprospecting and biopiracy are examples of transactions that fall within the ambit of international business ethics. Similarly issues like child labor and cultural imperialism are controversial enough to call upon the attention of international business ethics.

International Management Ethics -
Bibliography - PhilPapers

The primary problem of international business ethics lies in the fact that most cultures and nations hold entirely different standards of both law and ethics. In America, business ethics can be employed because, in general, the disagreement between what actions are ethical and what actions are unethical in a single culture will be lesser than the disagreement between two entirely different cultures with different values and cultural practices.
