Are you an IT professional involved in deploying the iPhone and or iPad in your company or organization? Do you have fellow employees who are eager to use their iPhones and iPads for work? Then this is the book for you. Enterprise iPhone and iPad Administrator's Guide provides step-by-step instructions on how to deploy and integrate the iPhone within a range of professional environments—from large businesses and educational institutions to medium-sized offices. This book ensures that the process is achieved in a streamlined, efficient, and cost-effective manner. The guide begins with an introduction to basic deployment concerns, then moves into actual methods and tools that you can use to streamline the deployment process. Next, an in-depth discussion of configuration and provisional profiles helps you deliver solid device setup, security, and adherence to organization policies. Finally, you'll learn how to use existing help desk teams to provide effective user support. Also included is coverage of the latest iPhone- and iPad-specific enterprise technologies (such as push notification and calendaring tools) as well as internal iPhone and iPad applications and web-based solutions for businesses.

The Rough Guide to the iPad is the ultimate companion to the revolutionary Apple iPad. Making sure you get the most out of your newest toy, the guide provides full coverage of the latest Apple software and hardware advances, including the iPad's multitouch screen, the new iBookstore and the iPad's unique email system. There's also comprehensive coverage of all those Apple features you already can't live without: web surfing, movie and music downloading and the hundreds of apps in the Apple app store. Whether you were first in line at the Apple store on release day or are simply fantasizing about buying your own, The Rough Guide to the iPad is the book for you.

It's an eBook reader. It's a touch-screen computer. It's a games machine. It's a movie player. It's for browsing the web and sending emails. Whatever you think the Apple iPad is, this Rough Guide will show you that it's so much more, and reveal all you need to know about this landmark device. This book covers everything from buying advice, and the slowdown on the features you get straight out of the box, to advanced tips and reviews of the coolest apps. It really is the one-stop shop for all your iPad questions and needs. All the new features of the iOS5 are covered including multi-tasking and online tools as well as all the best new apps appearing in the store. The Apple iPad is anything you want it to be... and this Rough Guide will show you how.
