discharge. So this is much broader, but many people still believe that the baby must be “ stable ” before KMC can start.

Kangaroo Mother Care – What is KMC?
KMC, or Kangaroo Mother Care, is a method of caring for an infant where the mother nurses her infant against her bare breasts. The infant, who usually only wears a woollen cap and a nappy, is kept upright, often with a towel, piece of cloth or binder. The mother wears a dress or shirt over the infant. This is known as the KMC position.
