Lifespan development explores how we change and grow from conception to death. This field of psychology is studied by developmental psychologists. They view development as a lifelong process that can be studied scientifically across three developmental domains: physical, cognitive development, and psychosocial.

Development Through the Lifespan.
Thoroughly engaging writing style:
Laura Berk makes the study of human
development both involving and
pleasurable for students. Development
Through the Lifespan is written in an
engaging, personal style—one that is
highly accessible—and contains real-
life human-interest stories. The author
encourages students to relate what
