Read Online Making Arguments About

literature has: A tight, specific focus
Rather than broad sweeping statements, a good argument teases out a single aspect of a piece of literature and analyzes it in minute detail: literature under the microscope.

But how is a literature review different from an academic research paper?

The main focus of an academic research paper is to develop a new argument, and a research paper is likely to contain a literature review as one of its parts. In a research paper,
