Less. This publication provides an account of past and current research in the interface between linguistics and law. It outlines the range of legal areas in which linguistics plays an increasing role, and describes the tools and approaches used by linguists and lawyers in this field.

Through a combination of overview articles, case studies, and theoretical descriptions, the volume addresses areas such as the history and structure of legal languages, multilingualism and language rights,

Abstract. This Handbook offers a state-of-the-art account of research in language policy and planning (LPP). The Handbook examines the ways in which scholarship in language policy and planning (LPP) has understood the changing relationship between LPP and political-economic conditions, and how this changing relationship has shaped knowledge production in the field.

~~Oxford Handbook of Language Policy and Planning—Oxford...~~

Abstract. The Oxford Handbook of Taboo Words and Language defines taboo as a proscription of behaviour for a specifiable community of one or more persons at a specifiable time in specifiable contexts. What is in fact tabooed is the use of those words and language in certain contexts; in short,
