The slow burn is the quality in a love story that makes it, so that I become fully invested. Where I feel how she feels, even to the point of forgetting that I am not the heroine. I ache with her, I giggle with her, I break with her. I find my all-encompassing love and happiness with her.

Slow Burn Novel By Nicole Christie Slow Burn is a romantic suspense series with psychic elements featuring memorable characters, and addictive, sexy storylines. The series centers on the Devereaux Security agency, a family business that delves into matters beyond the scope of the normal.

Slow Burn Novel By Nicole Christie  
Slow-burn romance Romance novels that focus on character-driven romance, where the relationship takes a while to develop. These books can be real steamy, but not of the insta-lust variety. I'm talkin' real character and relationship development throughout the course of the story that builds and builds and builds.

Slow-burn romance (702 books) - Goodreads  
Slow burn romances follow the characters as they fall in love gradually, giving us a realistic and genuine romantic experience. It allows us to watch the progression and transformation of their relationship over time. Since the storyline is slower-paced than insta-love, we have time to become invested in the characters and their relationship.

Nicole Christie is one of my favorite authors. She writes protagonists that are so damn lovable. Juliet, the star of Slow Burn, is intelligent, hilarious, sweet, and feisty all at the same time. The plot is mainly about the end of her relationship with volatile and hotheaded Johnny and the beginning of her relationship with cold (or so it seems) and controlled Dean.

'One of my favourite novels of 2017 was easily Nicole Dennis-Benn's first novel, Here Comes the Sun, and when her second, Patsy, was announced, I almost lost my mind. The richness of Dennis-Benn's writing is taken to another level in Patsy, the story of a Jamaican woman working towards her own version of the American dream...

Fans of Sarah Dessen, Stephanie Perkins, and Jenny Han will delight as the fireworks spark and the secrets fly in this delicious summer romance from a New York Times and USA Today bestselling author. A fun and relatable summer read for fans of Sarah Dessen and Jenny Han. "-School Library Journal When Jade decided to spend the summer with her aunt in California, she thought she knew what she was getting into. But nothing could have prepared her for Quentin. Jade hasn't been in suburbia long and even she knows her annoying (and annoyingly cute) next-door neighbor spells T-R-O-U-B-L-E. And when Quentin learns Jade plans to spend her first American summer hiding out reading books, he refuses to be ignored. Sneaking out, staying up, and even a midnight swim, Quentin is determined to give Jade days--and nights--worth remembering. But despite their storybook-perfect romance, every time Jade moves closer, Quentin pulls away. And when rumors of a jilted ex-girlfriend come to light, Jade knows Quentin is hiding a secret--and she's determined to find out what it is. "Unique, well-plotted summer romance" --Booklist

From the author of Little Broken Things, a "race-to-the-finish family drama" (People) following a mother who must confront the dark summer that changed her life forever in order to reclaim the daughter she left behind. Juniper Baker had just graduated from high school and was deep in the throes of a summer romance when Cal and Beth Murphy, a childless couple who lived on a neighboring farm, were brutally murdered. When her younger brother became the prime suspect, June's world collapsed and everything she loved that summer fell away. She left, promising never to return to tiny Jericho, Iowa. Until now. Officially, she's back in town to help an ill friend manage the local library. But really, she's returned to repair her relationship with her teenage daughter, who's been raised by Juniper's mother and stepfather since birth--and to solve the infamous Murphy murders once and for all. She knows the key to both lies in the darkest secret of that long-ago summer night, one that's haunted her for nearly fifteen years. As history begins to repeat itself and a dogged local true crime podcaster starts delving into the murders, the race to the truth puts past and present on a dangerous collision course. Juniper lands back in an all-too-familiar place with the answers to everything finally in her sights, but this time it's her daughter's life that hangs in the balance. Will revealing what really happened mean a fresh start? Or will the truth destroy everything Juniper loves for a second time? Baart once again brilliantly weaves mystery into family drama in this expertly-crafted novel for fans of Lisa Jewell and Megan Miranda.

She would have thought her abrupt outburst would have Sebastian retreating, but instead, his arms wrapped strong and comforting around her. And what she did next surprised her most of all. She let him. Elaina Evans is a super-independent, beautiful, successful business owner of an upscale bar in Houston, Texas. Sebastian Stone is a former Navy, retired NCIS agent who now runs his own Private Investigating business. He's also a recovering alcoholic with every reason to stay the hell away from the likes of Elaina Evans, especially when her brother, Dallas, keeps popping up as a person of interest in his P.I. cases. But when Elaina and her long time friend, Rogan Rayner, approach him to locate the man who killed Elaina's older brother more than a decade prior, he and Elaina both find they're in for much more than they bargained for. Things get interesting when Sebastian makes Elaina a deal she finds hard to take but even harder to refuse. Boss Unwavering can be read as a standalone novel. It is the third and final book in the Boss Series, tying up all the loose ends from the previous books with new Main Characters and familiar secondary characters. It's a journey of romance, suspense, danger, and the classic, slow-burn romance Nicole R. Locker is notorious for.

"A reimagining of the origin story of Blackbeard the pirate and his forbidden love affair with a maid in his father's house"--

No one has ever wanted me so why would she? My name is Kade Maxwell. You probably don't remember me. I'm not a rich athlete. I'm not a bar owner. Hell, I'm not even in medical school like the guy I thought was my older brother. I'm just a college guy with no family trying to figure out the direction my life is taking. That means taking classes, gaming with my online friends and working behind the counter of a premiere sports bar. I enjoy it. I make good tips and have regular social interaction with interesting people. Unfortunately, that social interaction has taken an awkward turn now that the woman I love from a distance is slinging drinks behind the bar with me. As the soon-to-be sister-in-law of my boss, Nicole Willoughby is off-limits. Not just because she's too good for me - and with her beauty both inside and out, she is - but because she's still healing from the worst kind of betrayal. It makes my stomach turn just thinking about the abuse she suffered at her ex's hands. When he begins poking around in her new life, I instinctively know someone like me, who no one would call an alpha male, could never protect her. But I can offer up the empty bedroom in my apartment so she never has to fear being alone. It seems to be a solution that works for everyone, except maybe my bleeding heart. But I'll put up with it as long as she is safe. Because I'd rather have her as a friend and a roommate than not have her at all.

A set of firsts by contemporary romance author, Nicole R. Locker. Book 1: Boss Unyielding She wasn't the kind of girl men stuck around for. Life had taught her she wasn't the kind of girl people moved mountains for. He disagreed. Farren Fields shouldn't be attracted to her hot, older boss... But she is. She's brains and beauty, unafraid to go after what she wants - until her sexy, Alpha, playboy boss becomes the object of her innermost desires. Rogan Rayner knows his new star employee is off limits... But when have limits ever been able to stop him? "In this world, there is nothing softer or thinner than water. But to compel the hard and unyielding, it has no equal. That the weak overcomes the strong, that the hard gives way to the gentle - this everyone knows. Yet no one asks accordingly." -Laozi Book 2: Big Man Blue "High heat, high emotions, and as much drama as your romantic little heart can handle. A winning romance for Nicole R. Locker." How far would you go to get him back? Blue Brigham was barely a man when he first got his chance with the girl he'd loved all his life. He made her laugh, and he made her love, but he couldn't make her stay. Legal wasn't enough for their older woman-younger man relationship, not in a town like theirs, so before he knew it, she'd left town to marry another man her own age and took his heart with her. Ten years later, Harper Haley is back and looking better than ever, but even a rocking body and a smile as sweet as he remembered isn't enough to melt his defenses. She won't have the chance to break his heart a second time. Trouble is, she's staying here in his house since he moved his sister in after her recent divorce, and Harper's not going easy on him. Not even a little bit. Either he'll take his revenge, or she'll take what's left of his heart. Either way, someone's going down. Fans of enemies to lovers, older woman/younger man, best friend's brother, return to hometown, second chance, cowboy romance will enjoy Big Man Blue. Written in Third Person, dual character POV. Now available in audio, duet narration by Tor Thom and Charley Ongel! The Genre Minx Book Reviews said: "Big Man Blue is an amazing second chance romance that will tug at your heartstrings from start to finish and I highly recommend you get your hands on a copy today." Other Praise for Big Man Blue: "High heat, high emotions, and as much drama as your romantic little heart can handle. A winning romance for Nicole R. Locker." "Deserves more than 5 stars. Grab all the stars in the sky might do it justice. Blue is more than your next book boyfriend he's who you would want for a book husband." "Grabbed hold to the heartstrings and did not let go even at the end." "Ms. Locker has done it again. This is not your straightforward second chance romance. This is a book about true love, making mistakes and fighting for what you want. Great character development, steamy sex scenes, and twists and turns to really be able to sink into the book." "I absolutely loved this book! I was on tenterhooks the whole time. The tension was high.

The chemistry between Blue and Harper was explosive! Amazing book!" Book 3: Reckless Hot as the Dallas, summer heat - Perla Fae resists the advances of a sexy as hell, playboy billionaire to protect her heart from further devastation. It should be easy, coming fresh out of a painful breakup, starting a new job, and the calendar just days away from the tragic reminder of why she feels utterly alone in the world. Jax Maddox doesn't do emotions or complications in his love life, but if there's one thing he loves more than anything, it's a challenge. He may have just met his match.

"Authentic, disturbing and unbearably tense, Hideaway will leave you reeling." --Shari Lapena, #1 internationally bestselling author of The Couple Next Door Gloria Janes appears to be a doting suburban mother and loving wife. But beyond her canary-yellow door, Gloria controls her husband, Telly, as well as seven-year-old Maisy and her older brother Rowan, through a disorienting cycle of adoration and banishment. When Telly leaves, Gloria turns on Rowan. He runs away, finding unlikely refuge with a homeless man named Carl, with whom he forms the kind of bond he has never found with his parents. After they are menaced by strangers, Rowan follows Carl to an isolated cottage, where he accidentally sets off a burst of heightened paranoia in Carl, and their adventure takes a dark turn. Gloria is publicly desperate for the safe return of her son while privately plotting ever wilder ways to lure Telly home for good. Her behaviour grows more erratic and her manipulation of Maisy begins to seem dedicated toward an outcome that only she can see. The two storylines drive relentlessly toward a climax that is both shocking and emotionally riveting. Suspenseful, unsettling, and masterful, Hideaway explores the secrets of a troubled family and illuminates an unlikely hero and a source of unexpected strength.

Cali Banks lost her job and needs money fast. When her best friend tries to sign Cali up to appear on a reality show where contestants complete ridiculous challenges for cash and prizes, Cali tells her she's crazy. When she gets a call back for an audition, she thinks there's no chance the show will be interested in her boring life. Little does she know; that's just what they're looking for. When Cali agrees to go, she's thinking about keeping her head down and trying to win as much cash as possible so that she won't lose her apartment and have to move back in with her parents. Dayton Maine is a reality show mainstay. She's already done three and has been asked back for a fourth by the Berserk producers. Dayton understands she's there to bring the drama. She has no problem doing that. She also has no problem hooking up with her fellow female contestants should the opportunity arise. She loves the challenges and the thrill of the chase. She's there for the fun and the fame. When the two meet, it isn't exactly love or lust at first sight. Dayton thinks Cali is a hermit who judges the rest of them. Cali's pretty sure Dayton's just there to reconnect with an old flame and get as much camera time as possible. While the cast members get kicked off one by one, though, the two women find common ground mixed in with a whole lot of differences. Dayton finds herself in a new position, chasing a woman for more than just one night, and Cali finds herself trying to live in the moment and trust that this woman might be the one she had been waiting for all along.

Seven standalone contemporary romance stories featuring hilarious, sassy women and the guys who believe they can take them on. There's something irresistible about the things you can't have...seven bestselling romance authors will make you laugh, cringe, and swoon with these new stories. Just the Tip will be available for a limited time. Hands off his dudette: When Anna starts dating, her best friend questions why their relationship has always been platonic. Risking their friendship is out of the question...but what if they could have more? Boundaries: Office flirtations. Boardroom fantasies. It's all innocent enough. Until it's not. He loves me not: When you have a chance to plan the wedding of all weddings, falling for the gorgeous groom is out of the question. How does one ignore the sparks, the attraction, and the forbidden fruit right in front of them? Playing the Professor: Fed up with her lying, cheating boyfriend of five years, Mika moves in with her best friend. Unlike her ex, who happens to also be a college professor, she won't sleep with students. And because her specialty is psychology, she knows before she can think of sleeping with anyone, she needs time to heal, but her friend swears nothing will fix her faster than a fling. Who could possibly ignite her passion again? Daring Her Captor: He's the last man she should want... Off Limits: A bad decision waiting to happen, a forbidden fruit begging to be savored ... a best friend's ex is strictly off limits. Unless... Keeping Her: He's my ex and now my client. There are so many reasons to say no to him. So why can't I stop saying yes?

A jilted blind date turns into an unexpected chance meeting for Cordi, but when she runs into the same, handsome stranger at her friend's Christmas party, all bets are off.
