Leverage today's most complete and practical framework for driving superior business value from mergers and acquisitions -- both domestic and international. A Comprehensive Guide to Mergers and Acquisitions Management focuses on critical success factors across every stage of the process, including planning, screening, negotiation, due diligence, transition management structures, post-merger integration, leadership and trust, cultural integration, HR practices, control, monitoring, and more. Authored by Yaakov Weber, an international expert in M&A management, strategic alliances, and strategic management, this book's uniquely interdisciplinary approach fully addresses both operational and cultural requirements, supporting participants in every role. Replete with recent examples and cases, it pays special attention to crucial strategic and behavioral linkages between pre- and post-merger stages, explaining why they are so important and how they can be managed to create maximum value. Throughout, Weber provides practical tools, tables, and figures that can help M&A implementers ensure best performance and achieve success where others have failed. As just one example, he provides proven instruments for analyzing cultural differences and the potential for synergy, and translating that potential into reality. For multiple audiences, including board members and top executives who must evaluate the strategic and financial issues associated with M&A; investment bankers, VCs, and other investors who must screen and select acquisitions; managers who must execute business combinations; consultants in strategy, HR, culture, and other areas; and faculty and students in executive education, MBA, and BA-level business programs.

The complete guide to CPA firm merger mania - the state of the merger market, major negotiation terms, checking out merger candidates, questions to ask, data to exchange, assessing cultural fit; steps to merger implementation.

This is a highly, practical application-oriented guide to mergers and acquisitions. It quickly covers what one needs to know, when, what to expect, and how to do it. This book covers: (1) strategy development; (2) deal flow and target identification; (3) due diligence; (4) valuation and offers; (5) tax structuring; (6) negotiation; (7) integration and value creation; (8) contracts and watch outs; (9) postclosing issues; (10) deal audits; and (11) organizational learning. This book will be divided by topic rather than chapter (103 topics) and will consist of bullet points rather than lengthy narrative. Thus making it easier for the user to read and digest the material. There will be numerous exhibits, forms, and examples that further enhance the material discussed in the text. A website will be provided that contains downloadable forms that the reader can use.
