The Narcissistic Family  
Diagnosis And

The author uses the words  
"narcissistic family" to  
describe a situation where a  
child's needs couldn't be  
met, for whatever reason -  
alcoholism; depression, etc.  
Very helpful to think of it

Sibling dynamics and behaviors in narcissistic families ...

A narcissistic parent is a parent affected by narcissism or narcissistic personality disorder. Typically, narcissistic parents are exclusively and possessively close to their children and are threatened by their children growing independent. This results in a pattern of narcissistic attachment, with the parent considering that the child exists solely to fulfill the parent's needs and wishes.
