The Story of Art, by E. H. Gombrich, is a survey of the history of art from ancient times to the modern era. First published in 1950 by Phaidon, the book is widely regarded both as a seminal work of criticism and as one of the most accessible introductions to the visual arts. It was originally intended for younger readers.

Florentine tondi were often large, richly framed paintings, and Botticelli produced major works in this format, beginning with the Adoration of the Kings (c. 1473; also called Adoration of the Magi; in the collection of the National Gallery of Art in London), that he painted for Antonio Pucci. Before Botticelli, tondi had been conceived essentially as oblong scenes, but Botticelli suppressed ...

"The Story of Art is one of the most famous and popular books on art ever published. For 45 years it has remained unrivalled as an introduction to the whole subject, from the earliest cave paintings to the experimental art of today. Readers of all ages and backgrounds throughout the world have found in Professor Gombrich a true master, who combines knowledge and wisdom with a unique gift for communicating directly his own deep love of the works of art he describes."

"The Story of Art owes its lasting popularity to the directness and simplicity of the writing, and also the author's skill in presenting a clear narrative. He describes his aim as 'to bring some intelligible order into the wealth of names, periods and styles which crowd the pages of more
