‘ Except women and dalits, I do not think there is anyone discriminated at birth. ’ These words give an idea of Raj Gauthaman ’ s succinct and provocative critique, translated into English for the first time by Theodore Baskaran. The essays engage with dalit liberation politics, the relationship of dalits with Tamil history and the many strands that constitute radical dalit culture. Gauthaman discusses dalit history and what the progress of non-

brahmin politics in Tamil Nadu has meant for dalits. This analysis of the alternative cultural expressions of dalits, politics, art and literature comes from essays written in 1992 – 2002, which remain perennial and startlingly new. The author ' s discussion of Iyothee Thass Pandithar—who preceded Ambedkar by 50 years—of Ambedkar and Periyar, of postmodernism and Subaltern Studies, provides a new cultural history that tells us about dalit assertion today.

dead by influencing the committee to validate similar farmer suicides. Keyur Kashinath of the Democratic Party-first-time member of Parliament from Mityala, and son of Vaishnav Kashinath, the party's general secretary-is the heir to his father's power in Delhi politics. He faces his first crisis; every suicide in his constituency certified by the committee as debt-related is a blot on the party's image, and his competence. The brilliant farmer battles his inheritance of despair, the arrogant politician fights for the power he has received as legacy. Their two worlds collide in a conflict that pushes both to the limits of morality from where there is no turning back. At stake is the truth about 'inherited' democratic power. And at the end, there can only be one winner. Passionate and startlingly insightful, Shoes of the Dead is a chilling parable of modern-day India.

This book takes up the question of what shape high school English studies should take in the coming years. It describes an English program that blends philosophical depth with classroom practicality. Drawing examples from commonly taught texts such as "Macbeth," "To Kill a Mockingbird," and "Lord of the Flies," the book places literary analysis within a postmodern framework. It explores recent literary and educational theory--including reader response theory and cultural studies. The book devotes attention to the process of reading and its relationship to creative writing, which is put forward as an essential rather than a supplementary part of high school English programs. The end result is that the book provides insights on textuality, media studies, drama, and the 5-paragraph essay. The book also serves as a call for increased teacher involvement in curriculum reform. While the book's primary purpose is to examine what does
